

Fun with Isomalt Demo – April 15 – Day of Sharing

Celebrations 150 - North Utica

Come join us in seeing just how much fun and truly easy isomalt is to work with as demonstrated by Peggy Tucker. In this demo you'll be learning how to work the sugar from casting, pulling to blowing bubbles and so much more.

How about making fantasy flowers, flowers with dried fruit inside of them or coral for your next under the sea cake. In just one hour, you're going to be amazed, at what you can do with isomalt.

Other Demos for the day will include:

Cocoa Painting

Painting with gold & lace onlays

Hands on: Modern buttercream flowers
